Independent and Progressive

Baldwin Directory Company, Inc., publishers of this city directory and the world's largest independent publishers of city directories, is in no way connected with any national association or directory "trust." Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used 30 years ago the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

INTRODUCTION

Baldwin Directory Company, Inc., publishers of your city directory, takes pleasure in presenting the 1941 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of your community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

SEVEN DIVISIONS OF THE BOOK

The principal parts of the Baldwin Directory are as follows:

1. **The Miscellaneous Directory**, contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. **The Buyers' Guide and Civic Section** is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional cards of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.

3. **The Resident Directory** contains most of the data concerning the individual. The wife's name is given in parenthesis, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. **The Householders' Directory** contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. **The Business Directory and List of Nationally Advertised Brands** contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed

the names of nationally advertised brands of merchandise, with the name of the local agents or distributors.

6. The Numerical Telephone Directory contains telephone numbers arranged in numerical sequence.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory:

Number of dependents under sixteen;

Designation of home ownership;

Nationally Advertised Brands;

Numerical Telephone Directory;

Telephone Numbers on Street Guide.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound, arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke—they established a guaranteed home circulation for advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin Directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

BALDWIN DIRECTORY CO., INC.

EXPLANATION

All people sixteen years or over are listed.

Wives are listed with husbands, the wife being shown in parenthesis as follows: Smith Robt R (Mary L).

The number of children under sixteen years is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

The (H) both in the resident directory and the householders' directory designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, "h" denoting a householder or head of the family, "r" denoting people in the home.

Married women, engaged in some other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers' Directory.

Colored is shown by a ©. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

The Rural Route Directory will be found in back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number, with the street intersections as they appear. After each householder's name will be found his telephone number. In case he has no telephone the nearest telephone may be found. The (H) denotes householders who own the house in which they live. By using the street guide as a mailing list a thorough coverage of the city will be obtained without any duplication of names.

The buyers' guide carries the printed messages of the city's leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

Concord

NORTH CAROLINA

YOU'LL LIKE CONCORD

By Harry Lee Johnston

Secretary Concord Merchants Association

The City of Concord is located in the heart of the famous Piedmont Plateau, which section is noted for its industry, rich farm lands and climate. The city occupies an ideal elevation of 703 feet. It is only three to four hours drive from the seashore or the mountains and the climate is regarded as near perfect.

View of City

Concord is on the main line (double tracked) of the Southern Railway and is 359 miles south of Washington and 289 miles north of Atlanta. The county is also traversed by the Norfolk-Southern Railway which runs from Charlotte, N. C., to Norfolk, Virginia. These railroads give the city and county excellent passenger and

Community Center and Library

freight service to all leading markets, both north and south. The city also has excellent motor bus transportation, with direct service being maintained to all nearby points.

Concord is located in, and is the county seat of Cabarrus County and has a population of 15,556 people, a gain of 32% over 1930. The 1940 population of Greater Concord is 24,609, as compared to 22,485 in 1938. The city has shown a steady growth through the past several years and is now one of the best managed cities in the country and is in excellent condition financially. The people of the city as a whole are prosperous. Living and working conditions are excellent and the unemployment percentage is low.

The county has an estimated population of 66,000 and Concord serves a trading area consisting of some 100,000 people, and with the splendid system of highways and good roads leading into the city it offers an ideal trading center.

In Cabarrus County and located six miles north of Concord is the thriving city of Kannapolis, which place lays claim to the distinction of being the largest unincorporated city in the world. Greater Kannapolis has a population of some 25,000 people and is the home of Cannon Mills Company who operate the largest towel mills in the world. This city is truly a hive of industry.

City Government

The city of Concord has the aldermanic form of government and the governing body consists of a mayor and six aldermen, with

one alderman elected from each of the city's five wards, and one at large. They are elected for a term of two years.

Concord now has a tax rate of \$1.00 per \$100.00 valuation, which shows a substantial reduction since 1930 at which time the tax rate was \$1.42 per \$100.00 valuation and in 1933 the valuation of real estate was lowered by 20 per cent. The total assessed valuation of real and personal property for tax purposes is \$13,636,000.00.

The city has always enjoyed good government and its financial matters have been ably handled. The peak of the city's indebtedness was reached in 1925 when the net debt reached the sum of \$1,440,000.00 Since that time the debt has been steadily reduced until at this time the net debt stands at \$619,969.00 as of June 30, 1942; which represents a reduction of more than 50 per cent. The city has an efficient engineering department, and has modern facilities for handling this work. Protection is afforded the citizens and property of Concord by a police force of 17 members and maintains a modern and efficient fire department equipped with the latest devices in fire fighting equipment.

City Facts

Organizations and clubs in the city include a Merchants Association, Junior Chamber of Commerce, Merchants and Manufacturers Club, two Country Clubs with golf courses, Rotary, Lions, Civitans Junior Charity League, Young Knights of America, American Legion Post, Salvation Army Post, Red Cross organization, Woman's Club and numerous others as well as branches of practically all leading fraternal orders.

A City Hall, electric plant, water system, telephone system, gas plant, public library, four theatres, and a new Community Center building which has been constructed at a cost of approximately \$50,000. This building houses the public library.

Concord High School

U. S. Post Office, Concord, N. C.

Concord has thirty-six Churches representing thirteen denominations. A modern hospital, including facilities for colored people, valued at approximately \$400,000.00. A modern fire-proof Hotel and considered one of the finest 100-room hotels in the South. A newspaper, The Concord Tribune, published daily and Sunday with Associated Press and United Press wire services and NEA Features. Postal receipts for the year ending Dec. 31, 1941, amounted to \$74,329.56 showing a gain of about 50% in four years and due to the large increase in business the Postoffice has been enlarged to give about double the former space.

Approximately twenty-six miles of paved streets; electric meters, 4,964; water meters, 4,349. gas meters, 725; telephones, 3,721, including extensions and farm-owned phones.

Agriculture

Cabarrus County is primarily a center of agriculture, being in the midst of the famous Piedmont Plateau, noted for its fine farm lands and excellent crops. Cabarrus Lands raise in part cotton, wheat, oats, potatoes, apples, peaches, corn, hay and vegetables.

Educational

Concord and Cabarrus County are fortunate indeed in having fine schools and colleges. The city has six modern school buildings which property is valued at approximately \$406,000.00, employing about 100 teachers and having an enrollment of 3,500 pupils.

In the county there are six consolidated high schools and two elementary schools employing about 189 teachers and having a total enrollment of 6,500.

In addition to graded and high schools there is located in Concord a fine college for colored girls known as Barber-Scotia Junior College. This college has been in existence for a number of years and is regarded as one of the best schools in the South.

Also located about four miles southwest of Concord is Stone-wall Jackson Manual Training and Industrial School, a state institution for boys. A school system is maintained and also the boys are taught various trades to fit them for later years.

Stores

Concord is fortunate in having fine, modern and well arranged stores to meet the needs of the buying public. Concord merchants can always be depended upon to carry the best merchandise in every line.

Industries

Concord and Cabarrus County have long been recognized as one of the leading textile and hosiery mill centers in the South. In the city and county there are some twenty cotton mills, a bleachery, and seven hosiery mills giving employment to thousands of people.

St. James Lutheran Church

City Hall

Cabarrus County Court House

Other industries include an oil mill, ice plants, lumber plants, roller mill, foundries, gas plant, candy factory, mattress factory, toy manufacturer, two modern bottling plants and paper box plant.

Banks

The city has been very fortunate in having strong banking institutions which have served our citizens and community for a long number of years. Concord has three banks with total assets of \$12,516,712.22. Also the city is served by three building and loan associations with total assets of \$4,151,807.59.

Public Utilities

Concord's water and light department is municipally owned and has a valuation of \$1,285,403.00. Electric rates rank among the lowest in the State. Water facilities of 3½ million gallons of water daily; source, Lake Concord; capacity, 350 million gallons; water ideal for industrial use.

The Concord and Kannapolis Gas Company has been an important factor in the development of Concord for nearly thirty years. Its manufactured gas is available for a wide variety of uses for homes, commercial and industrial establishments at rates that are among the lowest in the state.

The Concord Telephone Company has served the people of this community continuously since 1897 and has approximately 2,400 subscribers in the city. This company has recently installed a new and modern dial system to speed up and take care of the great volume of business.

Some Points of Interest

. . . AND THE GREATEST OF THESE IS
CHARACTER

*A message to parents and educators on the
Need of Character-Forming as a Part
Of Every Child's Training.*

CHARACTER, Capacity and Capital are the three standards by which business men judge applicants for credit, and CHARACTER comes first.

For, a man may have Capital—plenty of money. He may have Capacity—the ability to earn money. But without Character; the willingness to pay promptly according to agreement—his promises are worthless. The man with character can be depended upon to keep his promises and meet his obligations.

Character is a child's heritage, strengthened by the example of the parent and the precept of the teacher during early years; the formative period.

Character is honor—a high sense of personal, responsibility and respect for one's obligations. And every child has the right to be trained in the tenets of honesty and fairness in meeting his obligations. Otherwise his education is incomplete; his chance for success is impaired.

Resident Directory

1942

Containing the full name, husband or wife's name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age residing in this city and environs.

The publishers wish to express their appreciation to the business and professional establishments for the splendid cooperation and valuable assistance given them in preparation of this volume.

A list of abbreviations in this directory will be found on the following page and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

Number of dependents under 16 is indicated after name
